Thank you!
Membership in the Country Dance & Song Society connects you to a continent-wide network of groups, individuals, and families who believe that singing, dancing, and making music together enriches our lives, builds community, and speaks to the needs of the present.

With members’ support, CDSS fosters the growth and strength of traditional dance, music, and song in North America. Together, we can make it happen!

Ten $50 memberships (or five at $100) can fund:

- a grant to start a new family dance, song series, community band, or special event
- a local leaders or musicians training workshop
- financial backing for a publication
- support for event expansion, transition, or rescue
- a scholarship for a rising leader to an intensive training course at our camps
