First Guest:

Rob Setili
Atlanta’s Chattahoochee Contra Dancers in Decatur, GA

Contra dances on Fridays at 7:30 with different bands for 13 consecutive weeks each quarter. CCD welcomes a diverse crowd of dancers and a wide range of ages.

Our crisis began in Oct 2017 with dropping attendance and significant financial losses. We cancelled 2 weekly dances, which got a lot of attention. Our profitable dance weekend had always helped to cover losses from our weekly dances. Since it could only cover a portion of our operational loss, we embarked on a variety of ways to recover from this time of crisis.

**Fundraising efforts**

- We started asking for donations. Some callers and musicians donated back their pay, and some dancers made significant donations.

- We made it easy to donate by adding a donation web page: [http://www.contradance.org/html/support.php](http://www.contradance.org/html/support.php). At the door we accepted cash, check, Venmo, QR code.

- Local caller Seth Tepfer submitted an auction item at our dance weekend to write a custom contra dance, which was a big success.
Fundraising - continued

• We experimented with a “sponsor a dance” program ($75 and $150).
• We fundraised for new sound equipment by using a $4,500 progress thermometer and met our goal in 3 months.

Ways we balanced our budget

• We interviewed organizers of other contra organizations in our region to benchmark our attendance trend and our revenue and expenses.
• We learned that our admission price was typical ($10), but our expenses were out of line in several areas. So we set urgent goals to get these costs in line.
• We moved to a less expensive venue owned by a city government. We negotiated a lower rent by promoting the value of our dance as an amenity for local residents. (This better location is closer to restaurants, and a group of 10-15 dancers usually goes to a late night restaurant after our dances.)
Increased efforts to support and integrate new dancers

Our top priorities for 2020 are attracting and retaining new dancers through various experiments.

• We encourage all of our dancers to help make sure that all new dancers have FUN and feel very welcome at every dance.

• Most members of our steering committee make a real effort to greet and help new dancers feel welcome and get integrated.

• We have a core group of dancers that make a point to talk to and have fun with new dancers and invite them to go out afterwards.
Efforts to create and maintain a safe environment

• We dealt with several behavior issues that had been around for years.

• In our announcements we talk about striving to improve our dance environment.

• We aim to improve our skills and culture regarding asking permission and gaining consent before doing any unusual dance moves.

Outcomes

• In our new venue, 2018 and 2019 were much better years financially.

• We’ve retained some great new dancers.

• We had only a small annual financial shortfall for our weekly dance (about $1,500), which can easily be overcome with our annual dance weekend profit or donations.

• We feel that our situation is financially sustainable at this time, but it's best to keep improving and experimenting.

Second Guest:
Susan Amesse
Country Dance * New York
New York, NY

CD*NY is an all-volunteer nonprofit group that shares with our community the love we have for contra dancing and English country dancing. We sponsor two dances a week most weeks between September and early June, plus an annual Playford Ball.

Contact info: susan.amesse11@gmail.com  https://cdny.org/
Our current fund-raising efforts:

- 3rd musician fund for English country dances
- 50-50 raffles
- dance sponsorships for birthdays or other occasions
- bequests (Wayne Batchelor Fund for yearly English dance)

Previous fund-raising methods we no longer use, which might appeal to other groups:

- having people pay for dances in advance
- setting up electronics so we could accept credit cards and paypal
- end of the year appeal to all dancers
- membership
- using a sliding scale (some members pay more if possible)
- having a fundraising weekend in the country

During this portion of the web chat, Jennie shared her powerpoint presentation entitled *Shaking the Cushions*. It provides many pertinent questions to help groups assess the various ideas they have for generating revenue and decide whether an idea might work for them. Topics include risk, liability, sustainability, etc., along with a list of additional fundraising ideas.
